*"The Transylvania Rally and the events / concerts of its period, reason for socialization, knowledge and solidarity of the Florești community"*

Horia Șulea, mayor of Florești commune

*"10 years ago I said that I want a European Florești, since then we have made important steps on this road, and this event is nothing more than a step we take together to a Florești as me and tens of thousands of Florești wants.*

*We are both excited and deserving to be the host of the Transylvania Rally on 4<sup>th</sup> and 5<sup>th</sup> May. A special event, which is organized in Florești for the second consecutive time and has already put the largest community in Romania on the European map of motorsport. I am convinced that this year will be even more successful than in the previous one.*

*The scope of the Telekom Sport Transilvania Rally 2018 powered by FORD, a stage in the Dunlop National Rally Championship and the European TER stage, may also be a reason for socializing, knowledge and renewing the Florești community. In this sense, and because we are in the Year of the Centenary of the Great Union of 1918, we prepared the Florești citizens and not only, from 27<sup>th</sup> April to 5<sup>th</sup> May, alongside the great motoring event, a series of concerts, activities for children, creative workshops and sports event, in the run-up to the rally.*

*We are keen to watch the gallop of horse-power and keep the youngest national rally champion, Simone Tempestini , as well as to attend the events and concerts Florești City Hall has prepared. "*

Horia Petru ȘULEA,  
Mayor of Florești Commune
